

## Practical Kanji Series

This textbook is for college students and working adults who need to learn the kanji found on newspapers and the Internet and read about the modern-day Japanese society.

### Practical Kanji – 500 Basic Kanji Vol.1・2

The textbooks cover frequently-found words with the goal of helping students comprehend newspaper articles.

Volumes 1 and 2 cover 250 kanji characters each, or a

total of 500 characters at N4 and N5 levels. Includes

English and Vietnamese translations, CD with pronunciations,

and a semi-transparent red bookmark that blocks the readings of kanji characters

for effective lessons in reading, writing, and listening.

### Practical Kanji – 700 Kanji for the Modern World Vol.1・2

Select lists of kanji characters and vocabulary that are frequently found in news articles on the modern Japanese society. Volumes 1 and 2 cover 350 characters each, or a total of 700

characters at N3-N1 levels, as well as approximately 3500 words, so that students will learn to comprehend technical and professional text materials. Kanji vocabulary is expanded through

context. Reading comprehension is improved through listening, reading, and writing.
